POLES REJECT TERMS OF DISARMAMENT

Minsk Parley is Interrupted, Dispatch From Moscow Reports

BOLSHEVIKI DRIVEN

Three Soviet Divisions Annihilated; Thousands Taken Prisoners—Negotiations Interrupted

London, Aug. 20.—The Polish delegates at the Minsk conference have refused to accept the peace condition advanced by the soviet for the disarmament of the Polish Army unless the Russians themselves disarm, says a wireless from Berlin quoting a report received from Minsk.

A message sent yesterday from Moscow by George Ichitcherin, Soviet Foreign Minister, to Leo Kamaneff, the Soviet representative here, said the negotiations had been interrupted owing to the fault of the Polish delegation.

Fierce fighting is continuing in the region of Warsaw and Novo Georgievsk, the strong fortress about 9 miles northwest of Warsaw at the confluence of the Vistula and Bug rivers according to Wednesday's official statement issued by the soviet government at Moscow.

In the Crimean sector engagements are going on with indecisive results, the statement says.

Berlin, Aug. 20.—The Poles are advancing on Graudenz, West Prussia, in full force, according to a special dispatch to the Vossische Zeitung today.

On the left wing strong Polish cavalry forces are moving against Thorn from the south where the Russians are expected to cross the Vistula. Heavy fighting between the Poles and Russians is reported before Goslershausen.

Warsaw, Aug. 20.—Polish successes on all fronts, with the exception of the southern battle sector, where the Russian soviet forces are advancing in the direction of Lemberg, are reported in the official statement on fighting operations issued tonight.

The Fifty-seventh, Fifty-eighth and Eighth Bolshevik divisions on the Warsaw front have been annihilated and thousands of soviet soldiers made prisoners tonight's official statement says.

The Russians lost their bearings in trying to meet attacks on all sides from the Polish columns on their flank the statement adds. The Poles continuing their advance, have occupied Kaluszyn, 35 miles east of Warsaw; Siedlce, 57 miles east of the capital; Milzyrzec, 2 miles southeast of Siedlce and Wlowawa, on the Bug river, 125 miles southeast of Warsaw.

Russian forces are evacuating Brest Litovsk, the strongly fortified town on the Bug river 120 miles east of Warsaw, according to advices received here tonight.

The Poles are reported to be regrouping before Lemberg for a counterstroke against the Bolsheviki, who are less than 30 kilometers from the city.

In the region of Thorn, about 105 miles northwest of Warsaw, the communique says, the Poles have launched a counter action in the direction of Brodnicka, which still is occupied by the Bolshevik forces. In the region of Lipno, about 25 miles southeast of Thorn, and at Siedlce the Bolsheviki have started an eastward movement, aviators.

North of the fortress Novo Georgievsk the Red forces were dislodged after stubborn resistance, a Polish cavalry charge smashing a Bolshevik

BIG THRONG PRESENT AT DEDICATION

Salvation Army Home Formally Opened Last Night

HOME COST $14,175

Address by Judge Robinson Moncure, Rev. Dr. E. B. Jackson, Brigadier Wm. Escott.—S. W. Pitts Presided

From $2,000 to a total of $509,000 is the record of the growth of the real estate holdings of this district of the Salvation Army, with headquarters at Baltimore, according to figures given out by Brigadier William Escott, commander of the district at the dedication of the new home of the local post of the Army, at 319 King street last night.

Brigadier Escott stated that ten years ago, in the same territory as is now included in the district, there were but fifteen posts of the Salvation Army and the total real estate holdings in the district did not exceed $2,000. At the present time, there are 34 posts in the same territory and the real estate owned by the Army totals about $509,000.

A large attendance saw the local post of the Salvation Army safely ensconced in its new home—a home that has been completely remodeled inside, equipped with an excellent lighting system and renovated to make one of the best appearing and most commodious homes in the entire district.

S. W. Pitts, who has been active in all forms of Salvation Army work during the past few years, was named chairman of the services and after a short address, he announced as the first speaker of the evening, Hon. Robinson Moncure, judge of the Corporation court. Judge Moncure expressed his pleasure at being in attendance and spoke of the excellent work the Army has done since its inception in England, several years ago.

Following the address by Judge Moncure, Envoy Bessie Lanerauk, a well known Washingtonian sang a solo, accompanied by the members of the Girl's Guard, from Washington, D. C.

Dr. E. B. Jackson, pastor of the First Baptist Church, this city, gave a short but interesting talk on the aims of the Salvation Army and their duties to mankind. Dr. Jackson stated that the Salvation Army was the best combatant force against the menace of Bolshevism in existence today and quoted a number of eminent authorities on the imminence of the invasion by this country, of the terror which has laid such a heavy hand upon European countries.

Dr. Jackson's talk was followed by the dedicatory address of Bridadier

Of the boat's several hundred passengers, some remained at Colonial Beach hotels at the expense of the steamer company and the remainder returned to Washington by motor and the Baltimore boat.

SUGAR DEALERS CAUGHT

Price Down to 15 Cents a Pound and End Not in Sight

Washington, Aug. 20.—Retribution is coming apparently to many big sugar dealers who, a few months ago, were fattening their bank accounts from the abnormally high sugar prices The very prices that they created are in large part responsible for their losses.

Within a week prices have dropped from 23, 24 and 25 cents a pound to 16, 17 and 18, certain dealers have lost tens of thousands and perhaps hundreds of thousands of dollars of their former profits. The end is not yet. Today one of the largest concerns in the country, to meet competitors planned to put sugar on the market at 15 cents.

It would not be surprising if prices dropped to even lower levels before they stablize. Prospects are gloomy for those with large suplies who are wondering how they will get through the next week or two without impairment of credit and actual collapse. Efforts to keep the situation quiet in order not to disturb bank credits have failed. According to present indications the concern that can unload before there is an actual stampede fares the best chance of escaping unhurt.

FAN FALLS DEAD AS "BABE" WINGS A HOMER

New York, Aug. 20.—Babe Ruth stepped to the plate in today's game at the Polo Grounds.

There was a hush of expectancy. One man leaned forward in his seat in a box, tense with excitement.

Bat met ball with a crack, and the spheroid sailed out toward the farthest bleachers for a homer. The crowd yelled—all but the man in the box. He slumped forward, dead of heart failure.

Papers in his pocket identified him as Theodore Sturm, Belrose, L. I.

PONZI'S EX-PARTNER HELD FOR LARCENY

Antonio B. Salviati, who conducted a bank in Montreal in 1918,—with Charles Ponzi as his assistant, was pointed out to Detective Michael Fiachetti yesterday afternoon at Broadway and Twenty-third street by Detective George H. Rioux of the Montreal police, Fiachetti placed the man under arrest. He admitted his identity and offered no resistance. The warrant from Montreal charged larceny of $994.85 from Francisco Charpaleggio, an investor.

Detective Rioux said there are eight other warrants against the exbanker at Montreal, charging larcencies amounting to $50,000. Salviati was known as the "millionaire banker" The partnership with Charles Ponzi, was dissolved, according to Rioux, when Ponzi was sentenced for forgery, but Salviati remained in the city until Ponzi had been found guilty of smuggling Italians into Canada.

The warrant on which Salviati was held charged that instead of sending money abroad he appropriated it to his own use, informing depositors that the money had been seized in transit. Records purporting to prove such seizures were shown to the depositors, Rioux said.

Salviati went to Sidney, Nova Scotia, and later came to this city. He had been conducting the New Transit Hotel at 464 West Twenty-third street under the name of Dogelio Budcini, maintaining also a steam ship agency at the hotel. Salviati is said to have told detectives he changed his name for business reasons.

SUFFRAGISTS DENY CHARGE OF BRIBERY

Nashville Judge, However, Lays Matter Before Grand Jury

UNDUE INFLUENCE

Affidavits Say Young G. O. P. Member Was Offered "Anything in World."

Nashville, Tenn., Aug. 20.—Echoes from the bitter suffrage fight in the Tennessee Legislature came thick and fast today.

Judge Debow charged the grand jury in the Davidson County Criminal Court on the subject of efforts to influence improperly or corrupt the law-making body of the State; two Nashville newspapers published affidavits charging that undue influence had been brought to bear on Representative Burn, Republican, of McKinn County, to change his vote in favor of the Federal amendment, and Mr. Burn, in a communication to the House, bitterly resented the charges declaring them utterly false.

THE SALVATION ARMY

The Salvation Army formally dedicated its new home last night. This organization is certainly worthy of the fine home they now own. Since the establishment of this organization in Alexandria they have accomplished wonders and Alexandria may well feel proud of the splendid record they have achieved. Never do they turn a deaf ear to the cry of distress and in season and out of season the helping hand has been given to many worthy persons who needed aid.

Efforts of many Alexandria people were responsible for securing the handsome home they now occupy and which they so richly deserve. The Salvation Army and the city is to be congratulated on the fine new home which is open to all any hour of the day or night under the direction of Capt. and Mrs. Hellwege.

The Gazette extends its best wishes to the organization in its activities in this city.

AN ATTACK ON WALL STREET BEARS

In a letter to Comptroller Williams, a leading New Jersey banker makes a vigorous attack on Wall Street methods of short selling, which as he alleges, result in continually lower prices for first class securities and thus hurt the credit of the whole Nation. He isn't pussyfooting in the matter. He hopes that laws will be made to put in jail those who engineer these drives against investment earnings and concludes. "Barn burning is a virtuous occupation compared with this monstrous, medieval robbery of the so-called bears."

Economists have long argued that a Stock Exchange is necessary to provide an open market for securities and that short selling is an integral necessity of the plan so as to "stabilize values." Theoretically this may be true, but practically it has worked much evil of late. Recently the New York Stock Exchange had to change its rules over night and pass ex post facto laws to keep its members from being caught in the Stutz Pool which young Ryan engineered.

There is a great difference between legitimate brokerage operations and the engineering schemes of Wall Street manipulators, who generally play on the short side of the market. The public, known as "lambs," always rushes to buy on margins when stocks are on the upgrade. The brokers easily facilitate speculation with the assistance of the banks, which loan money for the purpose. That when things are about at the top the "professionals" get busy and knock prices easily and the "lambs" are sheared.

Take any list of well known railway and industrial stocks which have good earnings and you will find that prices now are incredibly low on any investment basis. The point is that few of the transactions are for investment. Nine-tenths of them are for speculation and the ordinary man has about as much chance playing the game as he has in roulette with a crooked wheel. Much of the country's money is tied up in such speculative contracts and it is time to stop it. For a time at least no harm would be done by compelling only actual transactions for investment purposes. Just now Wall street prices have no relation to values. On the contrary they seem engineered for the very purpose of concealing the true worth of securities. The man who speculates on the Stock Exchanges ought to have a guardian appointed.

AUGUST THE NERVE SMASHER

In that Almost Perfect State to which Mr. Don Marquis looks forward there will be no August. It will not be necessary to have one, because there is no popular use for the month except to take vacations in; and, of course in the ideal state of humanity nobody will need holidays. All life will be a day off with double

August is getting worse and worse. Last year, after it had rained eight inches in July, persons who relied on averages figured that August would be dry. The upshot was that August broke every precipitation record, bar one, that it had made since 1884. And, to punish the seashore vacationists, it was cold.

This year August goes in for dampness. The weather man insists that there have been rainless days since sweet July took to the woods of Time. If that is true they slipped by in the fog. But the dank air that came in with August sticks in all senses of the verb. Thunderstorms fail to dislodge it and are themselves converted by the miasma into demons of daily visitation.

May will not cure my hair curl. Salt cements itself in its every Cracker are crackless. Matches squeak, sputter and die. Cigarettes are damp tubes of despair. Starched linen wilts like the League confronted with a war. Food is a mockery and drink folly.

Men and women summon [illegible] saying that they have unmistakable symptoms of ptomaine poisoning, Asiatic cholera, elephantiasis and senile dementia. All they have, however, is August, the accursed, the month that makes men mad. Nothing will cure it but old Doc Cold coming out of the northwest at a 40 mile clip with an abundance of fresh dry air.

DRIPPING TIME

It isn't the thermometer
That's guilty. The hygrometer
Has slowed down your speedometer
A chicken with the pip
Can't equal your futility.
Your absence of agility
Is marked as your ability,
Though motionless, to drip.
How chatty souls strike attitudes
And drone a lot of platitudes
About how in these latitudes
It's what we should expect.
You grind your molars listening,
Your beaded brow is glistening
And you'd delight in christening
The chatty chap as "wrecked."
The fountains in the fizzeries
Alleviate your miseries
If they escape the quizzeries
Of prohibition's scout.
Humidity imperious
Drives you almost delirious,
And incadescent Sirius
Cries, "Ninety and you're out!"

WHAT WILL THEY SAY TO ME?

What will men say of men when I am dead?
Oh, they will say: "He was a funny chap;
He had his faults; he often lost his head;
He blundered much; he made some big mistakes,
And wasted strength in many a needless scrap."
I fear all that is true—all that and more—
And little I can do to alter it.
But may none say that, losing, I was sore;
Or that in fighting I had feared a foe;
Or for the truth I failed to do a bit.
Oh, may men say of me when I am dead
That I at least was fair in every fight;
And that my faults were not of heart, but head:
That, though too often I was harsh in word,
When thus I erred I set the matter right.
If they will say that I stood by the weak,
Never forgetting him whom fate brought low;
That 'twas my habit cherry words to speak,
And, when I saw one crushed by sin and shame,
Felt sorry for the man and told him so—
If they will say that little children came
And showed me all their playthings without fear;
That folks with burdens spoke about the same
With open hearts, believing I would hear.
Perhaps the Lord will count my record clear.

WOMAN'S KEEN SIGHT SAVES FOUR BOYS IN SEA

New York, Aug. 20.—The keen sight of a woman scanning the ocean through a Coney Island telescope,—"just for fun,"—caught sight of four boys clinging for life to the gunwale of an overturned rowboat, drifting to sea a half mile from shore.

The woman, Mrs. Karl Monger, of Manhattan, dropped the glass and rushed to a Parkway Beach life saving station, where she directed rescuers to the boys' aid. Thousands of beach habitues watched the life savers struggle to launch their boat through the pounding surf.

Half an hour later, Harry Sachs, Joseph Kaufman, Peter Fiore and Victor Chiaramonte, from 12 to 15 years old, were picked out of the bay, exhausted. They were unconscious when carried to shore.

SCORES INJURED IN WRECK

Southern Train Derailed in Tunnel Near Asheville, N. C.

Asheville, N. C., Aug. 20.—Scores were injured last night when both engines and four cars on Southern train No. 16, a solid steel limited between Asheville and New York, were derailed in Lick Log Tunnel, about 21 miles from here.

The accident occurred in one of the many tunnels on the famous Blue Ridge loop, and only the fact that the cars were partially turned over and could not plunge farther on account of the tunnel walls saved the lives of many. Had the derailment happened on either side of the tunnel officials state that the loss of life would have been great.

KEEP PILING UP POINTS TOWARD YANKEE TRIUMPH

Olympic Stadium, Antwerp, Belgium, Aug. 19.—With eleven events of the twenty-one completed in the track and field section of the Olympic games, America stands on top with the splendid total of 101 points. The contests today saw Finland retain second position with 49 points, but the Swedes came along strong and ousted the English from third place. Sweden has 26 points and England has 24. The English total does not include the points credited to Canada or other colonies.

France is in fifth place, with 12 points. Canada, South Africa and Italy are tied for sixth position with 7 each, while New Zealand, Esthonia and Norway are tied for eighth place with 3 points apiece.

MONUMENT UNDER HAMMER

Bankrupt's $1500 Shaft to First Wife Never Paid For

Ocean City, N. J., Aug. 20.—A most remarkable sale is being advertised by Constable Gandy, of Cape May county, that of a seven-foot granite monument and granite vault cover, eight feet long, in Seaside Cemetery, several miles from Ocean City. The monument, which is elaborately finished, was constructed by O. J. Hammell, of Pleasantville, for Frambes J. Smith, a former business man of this city, seven or eight years ago. It cost approximately $1500.

The company brought suit for the money and obtained judgment. Smith has been a bankrupt for some years and the Hammel Company, in order to get a return for the monument, is taking this method to recover.

The body of Smith's first wife lies under the monument. He married again about three years ago, and lived at Maple Shade, N. J., for a while.

BRITISH RUSH TROOPS INTO MESOPOTAMIA

London, Aug. 20.—The War Office announces fresh outbreaks in Mesopotamia on a considerable scale. The railways and telegraphs from Bagdad to Kirfri and Kirkuk have been cut and several railways bridges burned.

The statement says that the revolutionary movement, instead of being political, has now become anarchistic. The movement of reenforcements from India is proceeding.

STRIKE CLOSES MOVIES

Cleveland Operators Quit, Then Decide to Arbitrate

Cleveland, Aug. 20.—Three-fourths of the movie theatres in Cleveland were closed today as the result of a strike of operators over a wage scale. Operators demanded $1.15, $1.30 and $1.45 an hour, according to the location of the theatre. Exhibitors offered $1.10, $1.20 and $1.30.

After remaining out for several hours the operators voted to return to their posts pending further negotiations.

BOLT HURTS THREE IN AUTO

Machine Wrecked and the Riders Injured by Lightning

Lancaster, Pa., Aug. 20.—With 1,200 telephones out of order and 400 lines "dead" this city today began to take stock of last night's tempest which was the heaviest fall of rain ever known here. Thousands of dollars of damage was done in the city.

Three men were injured when their automobile was struck by lightning. John R. Royer, William Robinson Jesse Snead. Royer was hurled through the windshield and is in the General Hospital dangerously hurt. Several of Robinson's ribs are broken and he is in the county hospital. The machine was wrecked. Water that poured into Odd Fellows' Hall, did $2500 damage.

FIREMEN'S PROGRAM FOR COMING PARADE

(Continued from Page One)

panies and apparatus will take part. James M. Duncan, mayor-elect, will be chief marshal. Following the parade the participating firemen will be tendered a buffet luncheon in the armory. This affair will be under the direction of William Desmond, a member of the fire committee of city council. That the luncheon will be served in first class style and there will be an abundance for the fire fighters goes without saying because of the fact that "Teddy" Desmond will be in charge of the chow wagon.

Among the distinguished guests who have accepted an invitation to view the parade from the reviewing stand is Representative R. Walton Moore.

A feature of the festivities planned for Thursday night will be a block dance which will be given on Washington street between Cameron and Prince streets. There will be one band for the dance and another band to head the masqueraders. Many unique costumes are being gotten together by those who will take part in the big dance. Rattles, bells and noise making devices will be put in operation at the dance and there will be a license for noise. Confetti also will be thrown.

All stores in the city, except those serving refreshments, will close at 4 o'clock Thursday afternoon in order that the employees may either participate or witness the big parade of the fire fighters.

Reel races will take place on North Washington street and will be the feature of the affair Friday morning. They will be under the direction of J. Frank Pettey, who is chairman in charge.

OPPOSE NEW SHRINE

Atlantic City and Camden Seeking Shriner Temples

Pleasantville, N. J., Aug. 20.—Members of Cresent Temple of the Mystic Shrine, which has its headquarters in Trenton, received a letter from the Shrine yesterday setting forth that the executive committee of the shrine is opposed to a new Shrine being started in Atlantic City.

For a month past petitions have been circulated in Atlantic county and also in Bridgeton, Millville, Vineland and Cape May county for the establishment of a shrine in Atlantic City, and members of the Masonic fraternity who have joined the Shrine and others who are eligible have attached their names.

The leaders in the movement say that they are supported by Past Imperial Potentate W. Freeland Kendrick, of Philadelphia; Charles S. Bair, potentate of Lu Lu Temple, Philadelphia, and the potentates of Rajah Temple and Salaam Temple. It has been the claim of South Jersey members for years past that a Shrine should be located in the southern end of the State and this is the reason for the movement. For some time past members living in Camden county have also been discussing the advisability of making application for a Shrine in Camden. Crescent Temple usually holds a session once a year in Camden and Atlantic City.

AT LAST, RELIEF FROM RHEUMATISM

Now Is an Excellent Time to Get Rid of Its Tortures.

Rheumatism is more than a mere local disorder confined to the locality of the painful parts it cannot be rubbed away, because it is a deepseated disease that has its source in the blood supply. The millions of little disease germs that cause the disease must be reached and eliminated from the blood before real relief can be had.

S. S. S. has been successfully used for Rheumatism for more than fifty years. It is the most thorough and reliable blood remedy because it searches out and eliminates the disease germs which infest the blood.

JUNIOR RED CROSS WORKING AT HOME

Production of Sound American Citizenship the First Aim, Says Dr. Farrand.

On the badge of every member of the Junior Red Cross are the words "I Serve." That tells the story of the school children's branch of the American Red Cross and its efforts to bring happiness to children throughout the world.

Realizing that the time never was so propitious as right now for teaching the highest ideals of citizenship, the entire present program of the Junior Red Cross has been framed under the very inclusive phrase, "Training for Citizenship Through Service" for others. Since the Junior Red Cross is the agency through which the American Red Cross reaches the schoolboys and the schoolgirls, all its activities are designed to come within the regular school program, and without creating new courses or increasing the number of studies to lend its aid in vitalizing the work of the schools.

"The thing that is needed," says Dr. Livingston Farrand, Chairman of the American Red Cross Central Committee, "is not a perpetuation of the Junior Red Cross, but the training and breeding of sound American citizenship inspired by the true, fundamental ideals of sound democracy. One of the great conceptions in making the Red Cross a contributor to better citizenship in our American democracy is the realization that after all the sole hope of any nation is with the children of the country."

The plan of organization of the Junior Red Cross makes the school—public, parochial and private—the unit, not the individual pupils. Mutual service, helpful community work such as clean-up campaigns, care of the sick, promotion of health regulations, participation in civic and patriotic movements—all these creative agencies designed to translate into life and action the regular school program are parts of the machinery which the Junior Red Cross places at the disposal of the school authorities.

Graded study courses giving practical methods of civic training, supplemented by pamphlets and helpful suggestions, are supplied to the local schools by the Junior Red Cross. An elaborate plan for promoting an interchange of correspondence between children in different sections of the United States as well as with children in foreign lands is being devised and will take a prominent place in the established classroom program.

In promoting the general cause of child welfare, Red Cross courses in home hygiene and care of the sick, first aid, and dieting may be established in all Junior Red Cross Auxiliaries.

The ideals and the objective of the Junior Red Cross are embodied in the pledge of service which the pupil takes when he signs the membership roll and pins on his coat the Junior's badge. The pledge which binds together service and citizenship reads:

"We will seek in all ways to live up to the ideals of the Junior Red Cross and devote ourselves to its service.

"We will strive never to bring discredit to this, our country, by any unworthy act.

"We will revere and obey our country's laws and do our best to inspire a like reverence and obedience in those about us.

"We will endeavor in all these ways, as good citizens, to transmit America greater, better and more beautiful than she was transmitted to us."

At the foundation of this school program of the Junior Red Cross is a great love for America's children.

RED CROSS ACTIVE IN DISASTER RELIEF

When disaster hits a community—fire, flood, earthquake, explosion, bad wreck or tornado—the American Red Cross can be depended upon to follow right at its heels with help for the stricken people. Red Cross relief is almost immediately forthcoming—food, clothing, shelter and funds; doctors, nurses and special workers with long experience in handling similar trouble elsewhere.

During the last year, ending June 30, there was an average of four disasters a month in the United States. One hundred and fifty communities in twenty-seven states suffered. The largest and most destructive of these were the tidal wave at Corpus Christi, Texas, and tornadoes in Mississippi, Louisiana, Alabama, Georgia, Ohio, Indiana, and Illinois.

In these events of horror 850 persons were killed, 1,500 were injured, 13,000 were made homeless, about 30,000 families needed help, the property loss was nearly $100,000,000 and almost $1,000,000 in relief funds, not including emergency supplies was expended.

To the sufferers from all disasters during the year, the American Red Cross sent $120,000 worth of supplies, 110 Red Cross nurses and seven special relief trains. To meet the needs of the stricken, the organization set up ten relief stations, operated thirty-four canteens and as many emergency hospitals. One hundred and twenty-five Red Cross chapters gave disaster relief service.

If disaster ever strikes this town or county, the citizens can be absolutely sure the Red Cross will be right on hand to help them in every way.

POLES REJECT TERMS OF DISARMAMENT

(Continued from Page One)

brigade. The Bolsheviki leaving Pultusk, 30 miles north of Warsaw, took with them the town Mayor and all of the clergy as hostages, the communique states, adding that 1,500 prisoners were gathered in this engagement alone.

General Pilsudski has been with the troops east of Warsaw and under shell fire, but escaped uninjured. On various parts of the front where the Poles are advancing Bolshevik troops are reported to have been cut off from their main forces in great numbers, thousands surrendering daily when they realize they have been cut off.

Along the Bug south of Brest Litovsk, the communique reports, heavy fighting has been under way. A soviet division is said to have been cut off from retreat in the region of Wlodawa and to have suffered heavy casualties among them a brigade commander. Seven hundred prisoners, including many officers, were taken.

Among the incidents of the day mentioned in the communique, is a Bolshevik advance into parts of former East Prussia, which are now in Poland northwest of Mlawa. The Bolsheviki have reached the town of Lidzbark and Dzialdow and are meeting with co-operation from the German population everywhere, according to the communique. The statement adds it has been ascertained that Bolshevik infantry has been forced to fight by the Communists, who, it says, have applied a system of merciless terror.

The Kosciuszko Squadron and Major P. Cedric Fauntleroy, of Chicago have received special mention for bombing and observation raids Monday on the southern front, effecting their forty-ninth flight and stopping the soviet advance.

WHERE DOES BEAUTY GO?

What Becomes of White Hands?

Most women lose their youth and beauty because of too much hard work. The old-fashioned wash tub has ruined many white hands and made lines of pain and weariness come into many smooth faces.

There is absolutely no need for this. You can do your laundry at less cost—and practically without wetting your hands. Simply use Clean Easy Naptholeine Wash Soap, the wonderful labor saver that has made so many women happy.

Instead of you having to do, Soak your clothes over night. Shave ½ bar of Clean Easy into 4½ gallons of water. Bring to boil and let the Clean Easy chips dissolve. Put in the clothes and stir for ten minutes with a stick. Rinse, blue and dry. Your week's washing is finished, clean, pure and wholesome; much better than you could have done it by rubbing and scrubbing for hours!

Clean Easy does not hurt the clothes. It simply attacks the dirt, grime and grease, loosening it, dissolving it and absorbing it in the boiling water that kills all germs.

Isn't that the best way you ever heard of for washing clothes? Isn't it the easiest, quickest and most economical? Just try it once and you'll be convinced.

Order Clean Easy from your grocer. Notice how different it is—and how differently it works!

AMERICAN RED CROSS TO GIVE RURAL HELP

Program for Public Health and Community Welfare Is Now Well Under Way.

Rural communities and towns of less than 8,600 population benefit in a very large part by the public health and community welfare work of the American Red Cross. Almost all of the 3,600 Red Cross chapters have some rural sections in their territory. Therefore the Red Cross Rural Service.

Briefly, the purpose of Rural Service is to assist people to get out of life more health, wealth and happiness. In this purpose public health instruction and general educational progress of both children and adults play a big part.

Recreation is found to be one of the bigges needs in rural life. There is lack of sufficient play-life for the children and social life for the adults. Picnics, pageants, debating clubs, baseball leagues, community singing and other social events which bring the people of surrounding communities together have been organized and carried on under the guidance of Red Cross rural workers to great advantage. In many instances solving recreational problems and getting people together proves to be the awakening of the community to other conditions which may be improved by united action.

As a result of community organization, townships in which there had been neither plans nor interest in community progress have been organized to work together with the unified purpose of bringing their community up to the most enlightened standards. Lecture and musical entertainment courses have been started as a result of community meetings, as well as circulating libraries, Red Cross schools of instruction in Home Nursing, Care of the Sick and First Aid. In the larger towns the need for restrooms and public comfort stations is being met. Playgrounds for the children have been established and recreational activities worked out for the year.

In order that there may be concerted effort in carrying on the programs of the various welfare agencies in the rural districts, Red Cross Rural Service helps the organizations already on the ground. The main object of the service is to lend a hand everywhere and take the lead only where necessary.

Southern Railway Company Testing It—Will Eliminate Old Time Frog —

The Southern Railroad is testing out a safety device in their tracks here, which it is claimed will eliminate the old time frog, and give the fast passenger trains a clean unbroken main line rail without the usual jar and knock caused by each wheel in every car of every train bumping over the old frog.

This device is much cheaper and its life is many times longer than the frog, and the railway men say that it is one of the simplest things they ever saw with only two parts against about twenty in the old frog

The Southern railroad officials are watching the test with much interest as it is always their desire to get any thing that will add safety to the general public and their equipment, the device if adopted will save them many dollars in repairs and installations.

WATSON RELEASED FROM JAIL ON BAIL

Buford, Ga. Aug. 20.—Thomas E. Watson, candidate for the Democratic nomination for the United States Senate and once candidate for President on the Populist ticket, was released from jail here today when friends arranged a $1,500 bond.

Watson was arrested last night on charges of "public indecency" in connection with alleged abusive and profane language used in the presence of Miss Sally Wiley, proprietor of the Merchants Hotel. He refused bail offered by prominent Buford citizens and charged the arrest was a "frameup" by his political enemies. He also refused to accept bail arranged by wire by his campaign supporters at Atlanta.

Story told today by half a dozen traveling salesmen and Miss Wiley said the salesmen were playing "setback" in the hotel lobby last night when, without warning, a book crashed against the wall near them. Looking up, the men said they saw Watson on the balcony in his under wear, threatening them with a water pitcher. The candidate became abusive, they said, when they asked an explanation.

Miss Wiley's intervention alone saved her brother from a personal encounter with Watson, she said, but that Watson immediately cursed me "directly to my face."

COFFEE PRICES SLUMP

Rio Selling at Wholesale at About Half January Figure

New York, Aug. 20.—The coffee market, which has been almost steadily declining for the last month, showed even greater weakness today under continued liquidation with prices reaching the lowest level since wartime. September contracts sold at 7:30 or 78 points under the closing quotation of yesterday, which made a break of approximately 10 cents a pound from the highest price after signing of the armistice. This decline has been due to the failure of the European demand anticipated and a gradual weakening of the Brazilian market.

COPS HEAR NEGRO PRAY AS BONES CLATTER ON FLOOR OF OLD CHURCH

Chicago, Aug. 20—A tip to police that negroes were gambling on the old South Side levee resulted in th dispatch of Detectives W. J. Fitzgerald and M. Murphy to the place. They found they had been sent to a "church."

"That tip was a bum one," said Murphy, but as a precaution they listened through a crack in the "church door."

"They're prayin," said Murphy.

"But I never heard anyone pray for little Joe in a church," said Fitzgerald.

"The sign says 'Come and see' and some one's calling 'come seben," said Murphy.

The policemen swung through the door and found 33 negroes shooting craps.

DENIED A CHEW; KILLS HIMSELF

Washington, D. C., Aug. 20.—Despondent because he was unable to obtain sufficient quantities of chewing tobacco, a convalescent soldier at Walter Reed Hospital, believed to be John J. Flutters, formerly of the Quartermaster Corps, killed himsef by hanging sometime last week.

His body suspended by a slim halter rope from an iron rod in the roof, was discovered Wednesday night in a barn on the Louis P. Shoemaker estate, just back of 7201 Georgia avenue, northwest, by the caretaker, Marcellus Beckwith, colored.

COX TO TAKE 30-DAY SWING THROUGH WEST

New York, Aug. 20.—Governor Cox, Democratic Presidential candidate, will campaign through every Northwestern and Western State, excepting Pacific coast States, during September, it was announced at Democratic national headquarters here today.

Following his scheduled Ohio State fair speech at Columbus, Governor Cox, it was stated, will "make the most thorough and extensive campaign any candidate ever made through the West and Northwest." the trip extending through thirty days.

In October Governor Cox will campaign through the middle West and the East.

Rear-platform train speeches, accentuated by a voice-magnifying arrangement, will be made.

FIRE HOSE ENDS RIOT IN PRISON

Baltimore, Md., Aug. 20.—Seventy hunger strikers, segregated in a cell block about 100 yards from the building and rioted in the building until daylight.

The interior of the dormitory was wrecked, but none of the prisoners escaped. City policemen and firemen were called to help quell the disturbanc.

Not until fire hose were turned on the rioters did they show any sign of quieting down. The authorities waited until daylight before entering the building, because the prisoners had broken all the electric lights before the trouble started.

At 7 o'clock the prisoners were still in charge of the dormitory, but had quited down under the persuasive influence of several streams of water from fire hose.

At 8 o'clock the prisoners were still in possession of the dormitory. There were 13 guards on duty when the rioting started, but Acting Warden Bailey could not say whether any of these had been injured. The warden refused to allow newspaper men to enter the building.

K. C.'S IN PARIS VISIT NAPOLEON'S TOMB

Paris, Aug. 20.—The Visiting Knights of Columbus delegation spent today in visiting points of interest in Paris. The Knights went to the Hotel des Invalides yesterday morning where they were received by Gen. Berdoulat, Military Governor of Paris, and accorded the unusual privilege of viewing the catafalque in Napoleon's tomb from the base instead of from the gallery. The key to the tomb was presented to Deputy Supreme Knight Martin H. Carmody.

This afternoon the Knights visited the statues of Washington and Joan of Arc. At the latter place General Pau addressed them, and in behalf of France's army lauded the part the Knights of Columbus had taken in the world war. The Knights will leave tomorrow morning for Metz, where they are to dedicate the Lafayette statue.

BERGDOLL GETS FOUR YEAR TERM

New York, Aug. 20.—Erwin Bergdoll, Phiadelphia dodger and army deserter, was sentenced yesterday to four years at hard labor in Fort Leavenworth by the court martial which tried him last week.

The verdict of the court martial was announced after being approved by Lieut. Gen. Robert Lee Bullard, commander of the Department of the East, who reviewed the testimony and penalty.

35 MEN CLOSE BIG CAR PLANT

Montreal, Aug. 20.—Four thousand employees of the Canadian Car Foundry Company were thrown out of work today and the plant closed when 35 heaters went on strike demanding better working conditions. G. W. S. Atwood, vice president of the company, declared that the strike violated a union agreement, but that an effort would be made to adjust differences.

(Continued from page one)

The affidavits were published by the Nashville Tennessean and the Nashville Banner and were purported to have been made by O. C. Wallace, Judge of the City Court of Lewisburg, Tenn., and Ennis E. Murray, of Nashville, general agent for the Federal Land Bank, of Louisville, Ky.

They alleged they had heard several persons, including Representative Joe Hanover, of Shelby county, and Major C. L. Daughtry, secretary to Governor Roberts, insist to Burns that he change his vote.

According to Murray's affidavit, Burn was told that "they would give him anything in the world he wanted, and that it would make him the biggest man in Tennessee and I understood Hanover to say it would be worth $10,000 to him."

The affidavit attributed to Judge Wallace said:

"Mr. Hanover made the statement to Mr. Burns that if he would change his vote he would get anything he wanted and in the moment of excitement there was made mention by Mr. Hanover words to the effect that it would be worth $10,000 to you."

The suffrage amendment was ratified by the House yesterday by a majority of a single vote.

Representative Hanover issued a statement in which he described the charge as "no more than a clumsy effort to embarrass friends and supporters of the rights of our women." He declared he had only urged Burns to vote for ratification, and that Major Daughtry also did no more than this.

Representative Burn, in his communication to the House, which was ordered spread on the journal, declared that he had changed his vote in favor of suffrage because of his conviction that justice demanded it.

INGOMAR THEATRE

Dorothy Dalton gives new evidence of her right to be named among the most talented emotional actresses of the screen in "Black is White" which will be seen tonight at the Ingomar Theatre. In a role that requires her to delineate three distinctly different types of women she easily carries off the chief honors. The picture is from George Barr McCutcheon's novel.

RICHMOND THEATRE

Matt Moore who easily holds the title as champion ex-brother in law of noted motion picture actresses plays the leading role in Marshall Neilan's latest production, "Don't Ever Marry." If Moore's three brothers had followed this injunction, Matt himself, would not now be the ex-brother in law of Mary Pickford, Alice Joyce and Grace Cunard

Montani, known as Jack Clifford, filled a bill of particulars yesterday in the divorce action and counter claim for divorce in which she and her husband are parties in the Supreme Court. He names her former stage associate and names Anne Luther and Juanita Hansen, moving picture actresses.

In her bill of particulars Miss Nesbit charges her husband with misconduct with Miss Luther "continuously from January 1 and June 1 last, but is unable to specify any particular dates.

Miss Hansen filed an answer denying the charge and asking that the complaint be dismissed as to her.
